Pioneer Vending Expands Operations in Michigan
Pioneer Vending Acquires Midwest Amusement Company

Cincinnati, Ohio (July 15, 2016) - Pioneer Vending, a leading provider of amusement vending equipment, today announced that it had acquired Midwest Amusement Company, to become one of the largest providers of amusement vending equipment in Southern Michigan.

Pioneer Vending first entered the Michigan market in 2012 when the company purchased Adrian, Michigan-based operator, Coin Op Services. Since the acquisition, Pioneer Vending has continued to grow throughout Northern Ohio, Northern Indiana, and Southern Michigan markets.

The purchase of Midwest Amusement Company, based in Jackson, Michigan, further increases Pioneer Vending's share in the Michigan market.

"The acquisition of Midwest Amusement Company was an ideal fit into our long-term growth strategy, and opens up many new growth possibilities in the Southern and Central Michigan," said Luke Adams, General Manager of Pioneer Vending.

"The combination of Midwest Amusement Company and Pioneer Vending will allow us to continue to provide the best in business customer service that our clients have come to expect, and appreciate."

As part of the acquisition, vital members of Midwest Amusement Company will join the Pioneer Vending team. *"I couldn't ask for more closely aligned team members than Midwest Amusement Company to help Pioneer Vending's growth and deliver increased value to our customers,"* stated Adams. *"With the additional staff in Michigan we have positioned Pioneer Vending for additional expansion into the Michigan market."*

With the acquisition of Midwest Amusement Company, Pioneer Vending has achieved the following milestones:

- Pioneer Vending is now the largest provider of amusement vending equipment in the Midwest providing service to over 1,000 locations.
- Pioneer Vending's territory now extends from Elizabethtown, Kentucky to Lansing, Michigan along the I-75 corridor.
- Pioneer Vending operates more TouchTunes jukeboxes than any other operator in the United States.
